

uPVC SOLVENT CLEANER

Revision: 01/01/2016

Page 1 of 1

Technical Data:

Appearance	Clear Liquid
Flash Point	<20 degrees
Odour	Sweet pear drops
Specific Gravity	0.90 approximately
Solubility	Slightly soluble in water

Product:

Our highly effective Solvent Cleaner is a fast acting, non-smear formulation suitable for removing ingrained dirt and marks on most types of white and veneered uPVC frames, sills, boards and panels. Our product has a fruity pear drop odour.

Benefits:

- Fast drying
- Excellent at removing ingrained dirt
- Restores to a clear and shiny finish

Applications:

- Always read the health and Safety information before applying this product.
- For best results, apply and spread with a soft cloth, working well into the surface. Leave for 15 minutes and buff with a separate dry cloth.

Liability:

The information given is the result of our tests and experience and is believed to be accurate and reliable. However as Soudal UK Limited cannot know all the uses its products may be put to, and as application methods are out of our control, it is therefore the users responsibility to determine suitability of use.

Packaging:

Colour: Clear Liquid
Packaging: 1 Litre packed 1 x 12

Shelf life:

12 months

Storage:

Cool, dry conditions

Health- and Safety Recommendation:

- The product is highly flammable.
- For contact with skin, wash well with water.
- For contact with eyes, rinse with water. Remove any contact lenses and continue to rinse.
- Wear eye protection when using to protect from splashing.

Remark: The directives contained in this documentation are the result of our experiments and of our experience and have been submitted in good faith. Because of the diversity of the materials and substrates and the great number of possible applications which are out of our control, we cannot accept any responsibility for the results obtained. In every case it is recommended to carry out preliminary experiments.
