

PVCu CREAM CLEANER

Revision: 01/01/2016

Page 1 of 1

Technical Data:

Flash Point	Non flammable
Specific Gravity	1.5 approx.
Storage	Cool, dry conditions

Product:

PVCu Cream Cleaner is a high quality non settling blended material that has mild abrasive perfumed cleaning properties.

Uses:

PVCu Cream Cleaner is designed as a cleaner for all types of white and veneered PVCu frames, panels, cladding and trims. It is an ideal non-hazardous cleaner for compliance with mandatory Health & Safety criteria that calls for the use of non-solvent based cleaners. This product is NON-FLAMMABLE.

Applications:

Shake bottle well. Soak a clean absorbent cloth with PVCu Cream Cleaner then simply wipe the surface clean of contaminates. For stubborn stains, apply more cleaner to the cloth, press firmly and rub in a circular motion. This process can be repeated where necessary. Polish up the cleaned surface with a dry cloth for a bright finish. It is the user's responsibility to dispose of all packaging correctly.

Limitations:

Due to the composition of the cream cleaner, and its function as a non-solvent based material, it is possible that this product will not perform as well as PVCu Solvent Cleaner (solvent based) on heavy ingrained stains. A compatibility test is recommended on a hidden area of the surface prior to application. It is the users responsibility to determine suitability.

Remark: The directives contained in this documentation are the result of our experiments and of our experience and have been submitted in good faith. Because of the diversity of the materials and substrates and the great number of possible applications which are out of our control, we cannot accept any responsibility for the results obtained. In every case it is recommended to carry out preliminary experiments.

Liability:

The information given is the result of our tests and experience and is believed to be accurate and reliable. However as Soudal UK Limited cannot know all the uses its products may be used for, and as application methods are out of our control it is the users responsibility to determine suitability of use.

Packaging:

Colour: Cream/White
Packaging: 1 Litre packed 1 x 12

Shelf life:

12 months

Health- and Safety Recommendation:

- Causes serious eye irritation.
- Keep out of the reach of children.
- Wear eye protection.
- In case of contact with eyes, rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing. If eye irritation persists seek medical advice. Dispose of empty packaging correctly.
